

AMEZZ.COM Acrylic Face Shields

Communicate in person while reducing spread of germs. Our Acrylic Face Shields are ideal in any application where face-to-face communication is required (such as banks, coffee shops, reception desks) while helping protect both parties from viral and bacterial contamination from large respiratory droplets. They are easy to assemble and made of a durable acrylic material right here in the United States of America. Standard units are generally stocked but custom applications are available. Please contact us for more information.
